Dubai Schools Mission

To be a Beacon of Academic Excellence

Combining an inquisitive teaching approach and future-focused skillset delivery, we work hand-in-hand with the community to nurture students to become independent and empathetic learners. We offer an American education that will be guided by Arabic principles and Islamic values which will foster future-ready graduates, driven by pride and tolerance.

Dubai Schools Curriculum

High standards education, with a focus on Arabic language and Islamic values

Dubai Schools Mirdif and Dubai Schools Al Barsha offer an American curriculum based on the New York State Education Department (NYSED). The Elementary School curriculum builds upon young children's natural curiosity and enthusiasm for learning and to develop these traits to their fullest potential. The Middle School provides a transition for the students while enabling them to take command of their own learning. Our academic selections include core courses that are required of all students and exploratory choices which is a rotation of drama, computers, art, and music throughout the school year.

The High School curriculum, which leads to an American High School Diploma, allows students to choose from a range of electives to meet their interests, talents and aspirations. Students have the choice to take one or more of the Advanced Placement AP courses. These courses offer students an opportunity to engage in deep academic inquiry and to explore new material.
